WEEDS OF THE MORNINGTON PENINSULA

Common Garden and Agricultural Plants that are Environmental Weeds in the Mornington Peninsula Shire

WEED CONTROL

- Remove by hand.
- Cut stems and paint with herbicide.
- Drill and Fill with herbicide.
- Over spray with herbicide.
- Dig out.

HOW YOU CAN HELP

- Avoid bringing home plants from other gardens, or as seed in soil or waste.
- Keep garden babies out of children's reach.
- Remove weed seed heads or flowers before they go to seed.
- Try new remove weeds with suitable techniques, avoid disturbing sections of soil.
- If uncertain of weed identification, ask at a council or over or see a weed specialist.
- Don't dump weeds, garden waste or soil out in your yard. Check with your local Shire for instructions.
- Consider planting suitable indigenous plants on your land.
- Always follow the advice on the label for the herbicide you are using.
- Remove remnant bushland.
